

ARINC DirectSM Contract Fuel Services

ARINC Direct's fuel desk is available to all ARINC Direct customers, providing contract fuel access from multiple suppliers at over 2,500 locations worldwide. Through our fuel desk, customers can obtain the most competitive prices in the industry when purchasing domestic or international fuel.

The fuel desk at ARINC Direct gives customers a new level of fuel purchasing power. We continuously compare the prices of the industry's leading refiners, resellers, and fixed base operators (FBOs) and provide this information to you, eliminating the need to scan and shop multiple websites and weekly pricelists. One click or a call to the fuel desk ensures you will get the most competitive pricing at your destination, whether it is Bangkok or Great Falls, Montana. No extra fees—it's all part of your ARINC Direct subscription.

Why is ARINC Direct unique? We are the only trip planning service provider that uses technology to collect, compare, and display fuel prices from multiple resellers at an FBO location, allowing you to choose and order from the vendor that best fits your needs—all from your ARINC Direct account. In addition, we provide the only fuel search program that enables you to view pricing in one glance for multiple airports in a region while trip planning, and then order the fuel from that same page.

Automated Fuel Ordering

With our technology, ARINC Direct Fuel Service customers can access fuel quotes at multiple locations as they are flight planning. With a click of a button, pilots, dispatchers, and trip planners can get pricing at locations around the world. Once you select your vendor, we generate and send an electronic fuel release to your selected vendor. This release can also

ARINC DirectSM

be emailed or faxed in your flight planning package. No need for on the spot payments as presentation of the fuel release is all that's required at fueling time, followed up by a convenient fuel invoice from ARINC Direct.

Track Your Savings

ARINC Direct's economies-of-scale means significant fuel savings. Customers can compare industry prices themselves in one place with the convenience of our fuel desk. We post the retail price for fuel at each destination on your invoice, clearly outlining your savings using ARINC Direct. Customized monthly savings reports are also available upon request.

ARINC, a portfolio company of The Carlyle Group, provides communications, engineering and integration solutions for commercial, defense and government customers worldwide. Headquartered in Annapolis, Maryland with regional offices in London and Singapore, ARINC is ISO 9001:2008 certified.
